## ISKSAA Membership...

We are proud to announce that ISKSAA (International Society for Knowledge for Surgeons on Arthroscopy and Arthroplasty) membership is approaching the **1400** mark (India & Overseas) making it the fastest growing Orthopaedic Association in the country in just under 4 years of its inception. With over **230000 hits from over 144 countries** on the website [www.isksaa.com](http://www.isksaa.com) & more and more interested people joining as members of ISKSAA, we do hope that ISKSAA will stand out as a major body to provide opportunities to our younger colleagues in training, education and fellowships.

Benefits of ISKSAA Life membership include...

- Eligibility to apply for **ISKSAA's Prestigious Fellowship Programme**. We have finalised affiliations with ESSKA, ISAKOS, BOA, BASK, Wrightington and FLINDERS MEDICAL CENTRE, IMRI AUSTRALIA to provide more **ISKSAA Fellowships** in India, UK, USA, Australia and Europe. **We awarded 14 ISKSAA Fellowships in Feb 2013, 6 ISKSAA IMRI fellowships in Feb 2014, 54 ISKSAA fellowships in September 2014, 5 ISKSAA wrightington MCh fellowships in December 2014, 40 ISKSAA Fellowships in Oct 2015 & 15 ISKSAA Wrightington MCh Fellowships in Dec 2015.**
- ISKSAA 2016 is offering **64 ISKSAA Clinical Fellowships** in India, UK, USA, Australia, South Africa and Europe to ISKSAA Life members.
- **Free Subscription** of ISKSAA's official, peer reviewed, SCOPUS Indexed, online scientific journal **Journal of Arthroscopy and Joint Surgery (JAJS)** which is also available on Science Direct and is professionally managed by the international publishing house "Elsevier".
- Benefit of **reduced Congress charges in ISKSAA Global Summit 2016 and participate in the Cadaveric workshops.**
- **Member's only section** on the website which has access to the conference proceedings and live surgeries of ISKSAA 2012, 2013 & 2014 along with a host of other educational material.
- Important opportunity for interaction with world leaders in Arthroscopy & Arthroplasty.
- Opportunity to participate in ISKSAA courses and workshops

To enjoy all the benefits & privileges of an ISKSAA member, we invite you to apply for the Life membership of ISKSAA. All details regarding membership application and payment options are available. ([www.isksaa.com](http://www.isksaa.com))

CONGRESS CONVENOR

# ISKSAA GLOBAL SUMMIT 2016

## Message from the scientific committee...

The ISKSAA Global Summit 2016 promises to be an ambitious meeting not likely to be forgotten for a long time. The scientific committee has worked hard to put together a four day conference that is both comprehensive and complete, and targets arthroscopy and arthroplasty surgeons of all levels, from very basic to most advanced. The highlight of this meeting will be surgical demonstrations performed by expert surgeons from 12 different countries and 29 global centres of excellence telecast live to the conference venue. Although this is a logistic challenge that has never been attempted in the orthopaedic world before, the academic value of such an effort cannot be overstated. Besides this, the meeting includes 11 pre-conference hands-on cadaveric workshops, and numerous orations, symposia, instructional course lectures, debates, and step-by-step techniques videos. There is a lot to learn : come enjoy the academic feast !

**DR DINSHAW PARDIWALA**

# ISKSAA GLOBAL SUMMIT 2016

Message from the Journal Of Arthroscopy  
and Joint Surgery ( JAJIS ) Team..

**Mr Sanjeev Anand**  
**Chief Editor JAJIS**

Dear colleagues ,

On behalf of the editorial team of the JAJIS, we welcome you to ISKSAA 2016. As always it promises to be an exciting meeting, with an excellent faculty. The program is full of lectures on key topics, along with interesting panel discussions. I am looking forward to live surgical transmissions straight from the theatres of Orthopaedic legends.

The Journal of Arthroscopy and Joint surgery, as an official journal of ISKSAA, carries forward its aim of educating orthopaedic surgeons and keeping them abreast of latest developments in the field of orthopaedics. We are now producing three issues every year. You might have had a chance to look at some of our issues. If you have not as yet, you can see them online at [www.sciencedirect.com/jajs](http://www.sciencedirect.com/jajs). We are now indexed in Scopus and aiming to be Pubmed central indexed by our next international meeting.

We aim to develop this journal into a truly international source of quality information. This of course, would not happen without involvement of wider orthopaedic community. We are looking for new reviewers for our journal. As a reviewer, you get a chance to read and appraise latest research papers and get complimentary access to the Scopus, Elsevier's indexing system. We are also looking for new papers for our upcoming issues. You can submit them online through links at the above web address or at [www.ees.elsevier.com/jajs](http://www.ees.elsevier.com/jajs). Similarly, we would appreciate if you can encourage your colleagues to either act as reviewers or submit any articles for future issues.

We hope to work with you to develop the Journal further. We would love to hear from you, with your comments and any suggestions for improvements.

Message from the Journal Of Arthroscopy  
and Joint Surgery ( JAJS ) Team..

**Prof Ravi Gupta**  
Chief Editor JAJS

Dear colleagues ,

I extend my greetings and warm welcome to the delegates attending the ISKSAA Global Summit 2016 being held in Leela Ambience Hotel Delhi from 20th to 23rd November 2016.

The growth of Arthroscopy practice in India has grown parallel to the growth of ISKSAA and I feel proud in stating that ISKSAA has a tremendous contribution to this growth in terms of skill development, knowledge enhancement and the promotion of related research. Year by year ISKSAA kept on adding new milestones in these directions.

After consolidating the platform in knowledge and skill development, the ISKSAA took a giant leap in starting the Journal of Arthroscopy and Joint Surgery, wherein I was assigned the duty to be one of the editors – in - Chief. The journal is already indexed in many global indices and is ready to be pubmed indexed soon. Dr Pushpinder Bajaj and all the team members of ISKSAA deserve a big applause for giving a shape to the idea of the journal which filled the last leg of research in the tripod of clinical work, teaching and research. The journal is managed by a dedicated team from Elsevier and has editorial board consisting of experts of global fame from all over the world.

I take this opportunity to appeal all the delegates to send their scientific contributions to the Journal of Arthroscopy and Joint Surgery through its electronic upload site: <http://ees.elsevier.com/jajs/>

I am sure that the global summit will benefit all of us in enhancing our knowledge, skills and the social interaction. I congratulate DrPushpinder Bajaj and his team for the success of the great event.

# Welcome

“Welcome to all Global Participants who have gathered to learn, exchange and interchange with a HealthCare Provider’s mission of **“healing the hurt”** by utilizing modern, innovative ideas. Learning is a continual process in life so congratulations and commendation to all of the teachers and trainees who are making this possible.”

*DR DINESH PATEL MD*  
(Emeritus Chief Arthroscopic Surgery , Massachusetts General Hospital , USA)

“I would like to take this opportunity to welcome all delegates to the ISKSAA Global Summit. The organising committee have worked very hard to put together this excellent, cutting edge program for your benefit. I would urge all of you to participate with enthusiasm, and actively pursue and interact with the Faculty to get the maximum education and social benefit from this congress. “

*PROF JEGAN KRISHNAN*  
(Professor Orthopaedic Surgery , Flinders University , South Australia Chief patron ISKSAA)

“It’s great to be invited back to New Delhi again representing BASK . ISKSAA goes from strength to strength and the program this year with its multiple international live surgeries, plenary lectures and debate sessions is truly exciting . I’m looking forward to the conference and meeting old friends and meeting some new ones”.

*MR RICHARD PARKINSON*  
(Immediate Past President British Association Surgery of the Knee ( BASK )

“I look forward to meeting our colleagues from Delhi and the rest of India and sharing our experiences. I know there is a vast experience of knee pathology that is being dealt with on a daily basis here and am delighted to have the opportunity to see some of your presentations. “

*MR ANANDA NANU*  
(President Elect British Orthopaedic Association ( BOA )

“It gives me great pleasure to welcome you to the ISKSAA global summit 2016. Pushpinder and his team have worked extraordinarily hard to compile a superb programme. I am sure this will be very educative, thought provoking and interesting . I look forward to meeting you all soon .”

*PROF RAJ MURALI*  
(Mch / MMed Wrightington UK Course Clinical Lead)

# Welcome

“A Herculean effort has been made to organize the ISKSAA Global Summit 2016 by Dr. Pushpinder Singh Bajaj and his team. This will be a landmark meeting not only in the Asia Pacific Region but in the whole world and will set a new trend in the way conferences are organized.”

*DR. PARAG SANCHETI*  
*(President – Asia Pacific Arthroplasty Society (APAS)*  
*(President - Indian Association of Sports Medicine (IASM))*

---

“I welcome you all for the ISKSAA CONFERENCE on behalf of all faculty. The growth and magnitude of this conference is growing every year. I am happy to be associated with ISKSAA with lot of pride . “

*DR S R SUNDARARAJAN*  
*President Elect Indian Association of Sports Medicine (IASM)*

## Super-Vim Suture Anchor

**BAS-9002.50F Super-Vim Suture Anchor,  
Dia. 5.0mm, Titanium (Loaded with two pc Biofiber), Sterile**

- Ideal for mini-open rotator cuff repair procedures
- Anchors made of Ti 6Al-4V ELI Titanium Alloy
- Multiple Biofibers dispense load over more of the tendon
- Independent Biofiber channels reduce suture binding
- Needlepoint tip permits atraumatic hand insertion through soft tissue
- Anchor's wide threads and small core optimize bone purchase
- Fully-threaded anchor body increases resistance to pull-out
- Laser etched markings on the drivers for insertion depth and suture orientation

## Vim-Fix PK Suture Anchor

**BAS-9091.55F Vim-Fix PK III Suture Anchor,  
Dia. 5.5mm (Loaded with three pc Biofiber), Sterile**

- Clinical used for primary or medial row fixation
- Fully threaded; Cancellous and cortical threads provide exceptional fixation strength
- Broaching punch minimizes cortical stress fractures
- Double or triple loaded with Biofiber suture
- Enhanced tip thread profile for easy insertion
- Provides initial fixation strength and stability
- Technique—create hole, screw-in anchor

## Overseas faculty ...

We will be having an International Faculty of over 40 surgeons consisting of the best in the field from Australia , UK , USA , Europe , Middle east and south east Asia .

**PROF JEGAN KRISHNAN**  
Southern Community Health  
(previously Blackpool Hospital),  
Adelaide, Australia  
HAND & UPPER LIMB SURGEON

**DR NICHOLAS WALLWORK**  
Sportsmed Hospital,  
Adelaide, Australia  
UPPER LIMB & SHOULDER SURGEON

**DR JANAK MEHTA**  
Royal Darwin hospital,  
Australia  
KNEE & TRAUMA SURGEON

**MR VED GOSWAMI**  
Heart of England NHS Foundation  
Trust Hospital, Birmingham, UK .  
KNEE, SHOULDER &  
SPORTS SURGEON

**MR BINOD SINGH**  
City Hospital, Birmingham, UK  
KNEE SURGEON.

**MR PAUL TRIKHA**  
Asford & St Peters NHS  
Foundation trust, UK  
KNEE ARTHROSCOPY &  
ARTHROPLASTY SURGEON

**MR SANJEEV ANAND**  
Leeds Teaching Hospital NHS Trust,  
Leeds, UK  
Executive member-at-large BASK  
Editor in Chief JAJS  
SOFT TISSUE KNEE SURGEON

**MR KAPIL KUMAR**  
Aberdeen Royal Infirmary &  
Woodend hospital, Aberdeen, UK  
SHOULDER & ELBOW SURGEON

**MR MAKARAM SRINIVASAN**  
Royal Blackburn Hospital,  
Lancashire, UK,  
SPORTS & UPPER LIMB SURGEON

**MR RICHARD PARKINSON**  
Wirral University Teaching  
Hospital, UK  
President BASK (British Association  
of Surgery of the Knee)  
SOFT TISSUE KNEE SURGEON

**MR SHAUN O BRIEN**  
Sunderland Royal Hospital, UK  
SOFT TISSUE KNEE SURGEON

**MR AMOL TAMBE**  
Derby Teaching Hospitals  
NHS Foundation Trust  
Derby Shoulder Unit, UK  
UPPER LIMB SURGEON

**MR STEPHEN BALE**  
Wrightington Hospital, UK  
SHOULDER SURGEON

**MR PUNEET MONGA**  
Wrightington Hospital, UK  
SHOULDER SURGEON

**PROF RAJ MURALI**  
Clinical Director Orthopaedics,  
Wrightington, Wigan and Leigh  
NHS Foundation Trust, UK  
MCh Course Director,  
Edge Hill university, UK  
HAND & WRIST SURGEON

**MR ROBERT DUTHIE**  
Woodend Hospital, Aberdeen, UK  
HIP AND KNEE SURGEON

**MR ANANDA NANU**  
Spire Washington hospital, UK  
Vice President Elect British  
Orthopaedic Association  
HIP & KNEE SURGEON

**MR VIJAY BHALAIK**  
Wirral University Teaching Hospital,  
Merseyside, UK Training program Director,  
Health Education England  
HAND & UPPER LIMB SURGEON

**MR MANEESH SINHA**  
Dudley Group of Hospitals,  
Midlands, UK  
UPPER LIMB SURGEON

**PROF VIDESH RAUT**  
Wrightington Hospital, UK  
HIP & KNEE SURGEON

**PROF HEMANT PANDIT**  
Oxford University Hospitals, UK  
HIP & KNEE SURGEON

# ISKSAA GLOBAL SUMMIT 2016

**MR SIMON ROBERTS**

Oswestry Sports Injury Centre,  
Oswestry, UK  
President BOSTAA ( British  
Orthopaedic Sports Trauma  
& Arthroscopy Association )  
ORTHOAEDIC & SPORTS SURGEON

**PROF IAN TRAIL**

WrightingtonHospital, Manchester, UK  
Past president British society of  
surgery of the hand  
HAND & UPPER LIMB SURGEON

**MR INDRANIL CHAKRABARTI**

Rotherham NHS trust Hospital, UK  
ORTHOAEDIC & HAND SURGEON

**MR DEEPAK HERLEKAR**

Royal Lancaster Infirmary,  
Lancashire, UK  
HIP AND KNEE SURGEON

**MR VIJAY KAMATH**

Blackpool Teaching Hospitals, UK  
UPPER LIMB SURGEON

**MR MADHAN THIRUVENGADA**

Peterborough & Stamford Hospital, UK  
HIP & KNEE SURGEON

**MR SAQIF HOSSAIN**

Royal Oldham Hospital, Lancashire, UK  
LOWER LIMB SURGEON

**MR ASHISH SONI**

Homerton University Hospital Foundation  
Trust, London, UK  
ORTHOAEDICS &  
SPORTS INJURY SURGEON

**MR G S ROYSAM**

Spire Washington Hospital , UK  
HIP & KNEE SURGEON

**MR SANDEEP KOHLI**

Princess Royal University  
Hospital,Bromley, UK  
ORTHOAEDIC & TRAUMA SURGEON

**DR DINESH PATEL MD**

Chief Arthroscopic Surgery,  
Boston Massachusetts Hospital, USA  
Assoc Prof Orthopaedics,  
Harvard Medical School  
ARTHROSCOPIC KNEE SURGEON

**DR ASIT K SHAH**

Englewood Hospital & Medical Center  
Englewood, New Jersey, USA  
HIP AND KNEE SURGEON

**DR JOHN T MOOR**

Advanced Sports Medicine Centre,  
Sarasota, Florida, USA  
HIP/KNEE & SHOULDER SURGEON

**DR NORIMASA TAKAHASHI**

Funabashi Orthopaedic Sports  
Medicine Center, Japan  
SHOULDER & ELBOW SURGEON

**DR PONKY FIRER**

Director Knee Surgery & Orthopaedics  
Linksfield Knee Clinic, South Africa  
KNEE SURGEON

**DR KAMAL BOSE**

Mount Elizebeth Hospital, Singapore  
ARTHROSCOPY &  
ARTHROPLASTY SURGEON

**DR PAOLO PALADINI**

Cervesi Hospital, Cattolica,  
Italy  
SHOULDER & ELBOW SURGEON

**PROF NIKLAUS F FREIDERICH**

University of Basel, Switzerland  
ORTHOAEDICS & TRAUMA SURGEON

**DR ROBERT SMIGIELSKI**

Medical University of Warsaw, Poland  
KNEE SURGEON

**DR CHAKRA RAJ PANDEY**

Grande International Hospital, Nepal  
President Nepal Arthroscopy Society  
KNEE SURGEON

**DR JAYKER DAVE**

Campbelltown Private Hospital,  
Sydney, Australia  
ARTHROPLASTY SURGEON

# QuadCut

Minimally invasive harvesting of the quadriceps tendon for MPFL reconstruction

# ISKSAA GLOBAL SUMMIT 2016

## LIVE TRANSMISSION CENTRES

### USA

#### Beaumont

Beaumont Grosse Pointe Hospital,  
Grosse Pointe, Michigan, USA

Dr. Shariff Bishai

Surgeries being transmitted

- Arthroscopic Meniscal repair +/- ACL reconstruction surgery.
- Arthroscopic Bankart's Repair surgery.

Joint Preservation Surgery Unit,  
University Of Missouri, Columbia, USA

Dr. Ajay Aggarwal

Surgeries being transmitted

- Mini Posterior approach THA surgery.
- Hip Arthroscopy For Femoro Acetabular Impingement Surgery.

Orlando Health Orthopaedic Institute,  
Orlando, USA

Dr. Mark Munro

Surgeries being transmitted

- Live Maxx revision PCK TKR Surgery.

Philadelphia Va Medical Center,  
Pennsylvania Hospital, Philadelphia, USA

Dr. Neil Sheth

Dr. Charles Nelson

Surgeries being transmitted

- Medial Fixed Bearing Unicompartment Knee Arthroplasty surgery.
- Mini Posterior Approach, THA Surgery.

# ISKSAA GLOBAL SUMMIT 2016

Baylor University Medical Center,  
Dallas, USA

**Dr. Sumant Butch Krishnan**

Surgeries being transmitted

- Reverse Total Shoulder Arthroplasty with Glenoid bone grafting.
- Arthroscopic Transosseus Rotator Cuff Repair.

## UK

Department Of Orthopaedics,  
Aberdeen Royal Infirmary, UK

**Dr. David Cairns**

Surgeries being transmitted

- Short Stem Total Shoulder Arthroplasty surgery.

Manchester Royal Infirmary,  
UK

**Dr. Philip Hirst**

Surgeries being transmitted

- Revision TKR surgery ( DepuySynthes ).

# ISKSAA GLOBAL SUMMIT 2016

Royal Blackburn Hospital, Lancashire,  
UK

**Dr. Ravi Goyal**

**Dr. R. Mohan**

Surgeries being transmitted

- Posterior approach THA.
- Anatomic single bundle ACL reconstruction surgery.

University Hospitals of Leicester NHS Trust

University Hospitals Of Leicester,  
UK

**Dr. R. Pandey**

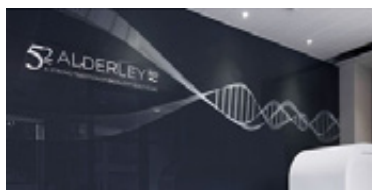

Surgeries being transmitted

- Arthroscopic Shoulder surgeries x 2

Wilmslow Hospital, HCA Healthcare,  
Manchester, UK

**Prof. Lennard Funk**

Surgeries being transmitted

- Arthroscopic Posterior stabilization / Iatarjet surgery.
- Arthroscopic Rotator cuff repair / AC joint reconstruction surgery.

# ISKSAA GLOBAL SUMMIT 2016

## EUROPE

**Cervesi Hospital,  
Cattolica, Italy**

**Prof. Giuseppe Porcellini**

**Surgeries being transmitted**

- Open Latarjet surgery.
- Reverse Total Shoulder Arthroplasty surgery using Tornier Ascend Flex reverse prosthesis.

**IRCCS Policlinico San Donato,  
University Of Milan, Italy**

**Prof. Pietro Randelli**

**Surgeries being transmitted**

- Arthroscopic ACL Reconstruction Surgery.
- Distal Femoral Osteotomy using Tomofix surgery.
- Depuy Attune TKR Surgery.

**CHP Saint Grégoire Hospital,  
France**

**Dr. Philippe Collin**

**Surgeries being transmitted**

- Reverse Total Shoulder Arthroplasty surgery.

**OCM Orthopaedic Surgery,  
Munich, Germany**

**Dr. Michael Dienst**

**Surgeries being transmitted**

- Hip Arthroscopy For FAI
- Arthroscopic cartilage transplant of knee

# ISKSAA GLOBAL SUMMIT 2016

Tel Aviv Sourasky Medical Center,  
Israel

**Dr. Eran Maman**

**Dr. Ehud Rath**

Surgeries being transmitted

- Reverse Total Shoulder Arthroplasty Surgery
- Hip Arthroscopy For FemoroAcetabular Impingement

## SAUDIA ARABIA

المركز الدولي للمفاصل والتهاب المفاصل  
International Knee & Joint Centre

International Knee & Joint Centre,  
Abu Dhabi, UAE,

**Dr. Charles Brown**

**Dr. R. V. Heerwaarden**

Surgeries being transmitted

- Anatomic single bundle ACL reconstruction surgery
- Lateral extra Articular ITB Tenodesis surgery
- Medial Opening Wedge Tibial Osteotomy Surgery

## SOUTH AFRICA

Centre For Sports Medicine & Orthopaedics,  
Rosebank, Johannesburg, South Africa

Dr. Mark Ferguson

Surgeries being transmitted

- Arthroscopic Speed Bridge Rotator Cuff Repair surgery
- Combined ALL & All Inside ACL Reconstruction surgery

## ASIA PACIFIC

Funabashi Orthopaedic Hospital,  
Chiba, Japan

Dr. Hiroyuki Sugaya

Surgeries being transmitted

- Arthroscopic Bony Bankart's Repair surgery
- Arthroscopic Rotator Cuff repair including Subscapularis Repair surgery

Southern Cross Hospital,  
Christchurch, New Zealand

Dr. Khalid Mohammed

Dr. Alex Malone

Surgeries being transmitted

- Arthroscopic Rotator Cuff Repair surgery
- Arthroscopic Repair of acute AC Joint Dislocation surgery

# ISKSAA GLOBAL SUMMIT 2016

Repatriation General Hospital  
Adelaide, Australia.

Dr. Matthew Liptak

Dr. Mark Ingliss

Dr. Jonathan Cabot

Surgeries being transmitted

- Hip Arthroscopy For FemoroAcetabular Impingement
- Direct Anterior Approach (DAA) THA Surgery

## INDIA

Deenenath Mangeshkar Hospital,  
Pune, India

Dr. Hemant Wakankar

Surgeries being transmitted

- Live Maxx Freedom knee TKR Surgery PS

Indian Spinal Injuries Centre,  
Delhi, India

Dr. Sanjay Pai

Dr. Bhushan Nariani

Surgeries being transmitted

- Live Attune TKR surgery from ISIC

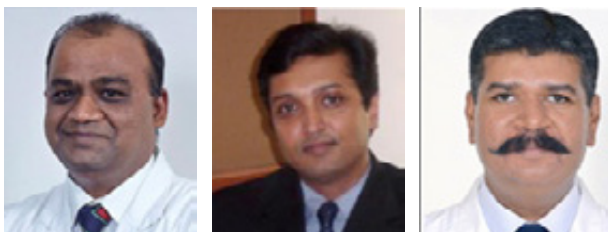

# ISKSAA GLOBAL SUMMIT 2016

**Kosmos Hospital,  
Delhi**

**Dr. Atul Mishra    Dr. Prateek Gupta    Dr. Raju Easwaran**

**Sports Injury Centre,  
Delhi**

**Dr. Deepak Chaudhary    Dr. Deepak Joshi**

**Dr. Sachin Tapasvi**

**Dr. Kalpesh Trivedi**

**Surgeries being transmitted**

- Arthroscopic ACL Reconstruction surgery ( Mitek )
- Arthroscopic PCL Reconstruction surgery ( Mitek )
- Arthroscopic Rotator Cuff Repair surgery ( Mitek )
- Arthroscopic ACL Reconstruction surgery using Quadriceps graft ( Karl Storz )
- Arthroscopic ACL Reconstruction surgery using Fixation loop & bio-composite screw ( Biotek )

**Dr. Ashok Rajgopal**

**Surgeries being transmitted**

- Arthroscopic ACL reconstruction using hamstring graft surgery ( Conmed )
- Arthroscopic Double bundle ACL Reconstruction surgery ( Arthrex )
- Arthroscopic Rotator Cuff Repair surgery ( Arthrex )
- Arthroscopic Bankart's Repair surgery ( S & N )

| 15.00 – 16.00 | VA PTP / VA Elbow Workshop  | Ravi Sauhta       |
| 16.00 – 17.00 | Musculoskeletal Imaging Symposium (Trauma & Osteoporosis)<br>Moderator : Gurinder Bedi  |                   |
| 16.00 – 16.10 | Using C Arm Better In Trauma  | Ritabh Mittal     |
| 16.10 – 16.20 | CT Vs MRI In Trauma Situations  | Deepak Raina      |
| 16.20 – 16.30 | Not Everything Is AP & Lat  | Janak Mehta (Aus) |
| 16.30 – 16.35 | Indications For Getting DEXA  | S V Madhu         |
| 16.35 – 16.45 | Interpreting DEXA   | S V Madhu         |
| 16.45 – 16.50 | False Positives / Negatives : Case Based  | Gurinder Bedi     |
| 16.50 – 17.00 | Questions & Discussion  | Gurinder Bedi     |
| 17.00 – 18.00 |   |                   |
| 18.00 – 20.30 | Live Transmission From PHILADELPHIA VA MEDICAL CENTER, PENNSYLVANIA HOSPITAL, PHILADELPHIA, USA (KNEE & HIP ARTHROPLASTY)<br><b>7.30am – 10.00am USA Time</b><br>Moderator : AshishTaneja, Nirbhay Shah<br>Panelists (Hip) :VedGoswami (UK), Vijay Shetty<br>Panelists (UKR) : Prof. HemantPandit (UK), Thomas Chandy, Amite Pankaj |                   |
| 18.00 – 18.05 | Presentation Of Case 1, Theatre Layout, Patient Positioning And Preparation   | Neil Sheth        |
| 18.05 – 18.45 | Mini Posterior Approach, THA Surgery  | Charles Nelson    |
| 18.45 – 19.15 | Panel Discussion On Approaches For THA  | Ashish Taneja     |
| 19.15 – 19.30 | Video Tour Of The Facility & Presentation Of Staff  | Charles Nelson    |
| 19.30 – 19.35 | Presentation Of Case 2, Theatre Layout, Patient Positioning And Preparation   | Charles Nelson    |
| 19.35 – 20.10 | Medial Fixed Bearing Unicompartment Knee Arthroplasty Surgery   | Neil Sheth        |
| 20.10 – 20.30 | Panel Discussion On UKA (Case Discussions)  | Nirbhay Shah      |
| 20.00 – 21.15 | INAUGURAL CEREMONY HALL 2 & 3<br>Master of Ceremony : Anuj Dogra , Moderator : Raju Easwaran  |                   |
| 21.15 – 23.00 | Cultural Programme & Banquet Gala Dinner Hall 2 & 3   |                   |

## ISKSAA GLOBAL SUMMIT 2016 21ST NOVEMBER 2016 (MONDAY) HALL 6

ANCHORS : Gurinder Bedi, Shailendra Singh (AM) , Prince Gupta (PM)

| TIME          | TOPIC   | SPEAKER / FACULTY |
|---------------|---|-------------------|
| 08.00 – 11.00 |   |                   |
| 11.00 – 12.30 | Free Papers Session I ( Shoulder )<br>6 Mins For Presentation And 2 Mins For Discussion<br>Moderators : Amol Tambe (UK) , Dilbans Pandher |                   |
| 11.00 – 11.08 | MRI Evaluation Of Coraco-Clavicular Ligament In Acromio-Clavicular Joint Injuries Following AC Joint Tight Rope Fixation                  | Muthukumar Balaji |

|               |  |                                 |
|---------------|--|---------------------------------|
| 11.08 – 11.16 | Functional Results After Arthroscopic Repair Of Full Thickness Supraspinatous Tear   | Rohit Kumar                     |
| 11.16 – 11.24 | A Prospective Observational Study Of Functional Outcome Of Arthrographic Distension With Manipulation In Periarthritis Shoulder  | Pallav Agrawal                  |
| 11.24 – 11.32 | “Are We Doing Too Many Margin Convergence?” A Prospective MRI Study On Rate Of Re-Tear After Arthroscopic Rotator Cuff Repair  | Reetadyuti Mukhopadhyay         |
| 11.32 – 11.40 | Radiological Evidence Of Reduced Coracohumeral Interval (CHI) In Patients With Clinically Evident Subcoracoid Impingement And To Examine The Presence Of Subscapularis Tears In These Patients                   | Ayyappan Vijaychandran          |
| 11.40 – 11.48 | Study & Classification Of The Glenohumeral Capsule As Per Inferior Glenohumeral Ligament And Its Relation With Anterior Shoulder Instability   | Varun Singh                     |
| 11.48 – 11.56 | Glenoid Tracking : Does It Really Matter?  | Rohan Bansal                    |
| 11.56 – 12.04 | Theboytechev Procedure For The Recurrent Anterior Instability Of Shoulder With Fracture Glenoid – Outmoded Yet Simple And Effective Alternative- A Case Report   | Shubham Joshi                   |
| 12.04 – 12.12 | Uncemented Zimmer® Trabecular Metal™ Reverse Shoulder System –Early Results  | S Chatterji                     |
| 12.12 – 12.30 | Questions & Discussion   |                                 |
| 12.30 – 14.00 | Free Papers Session II ( Knee Arthroscopy 1 )<br>6 Mins For Presentation And 2 Mins For Discussion<br>Moderators : Rahul Khare, Simon Roberts (UK)   |                                 |
| 12.30 – 12.38 | Comparison Of Functional Outcome In Arthroscopic Anterior Cruciate Ligament Reconstruction With Four Strand Hamstring Graft: Accelerated Vs Standard Rehabilitation  | Venkata Subba Reddy             |
| 12.38 – 12.46 | Observations On Arthroscopic Trans-Portal Single Bundle Quadrupled Hamstring Auto Graft Reconstruction With Aperture Fixation For Complete Acl Disruption  | Mohd Iqbal Wani                 |
| 12.46 – 12.54 | Arthroscopic Tibial Spine Fracture Fixation With Non-Absorbable Suture – A Series Of 15 Cases  | Kumar Shashi Kant               |
| 12.54 – 13.02 | Double Bundle Anatomic Anterior Cruciate Ligament Reconstruction : Do Or Don't Restore The Acl Volume  | Rajat Jangir                    |
| 13.02 – 13.10 | Does Body Mass Index Affect The Outcomes Of Arthroscopic Anterior Cruciate Ligament Reconstruction In An Asian Population?   | Hamid Rahmatullah Bin Abd Razak |
| 13.10 – 13.18 | A Prospective Observational Study Of Functional Outcome Of Arthroscopic Anatomical Antero-Medial Single Bundle Acl Reconstruction Using Ipsilateral Tripled Semitendinosus Graft                                 | Umesha C                        |
| 13.18 – 13.26 | Comparative Analysis Of Results Following Femoral Fixation Methods (Aperture Vs Non Aperture) In Arthroscopic Anterior Cruciate Liganent Reconstruction (Tight Rope Vs Interference Screw) – A Prospective Study | Lakshay Goel                    |
| 13.26 – 13.34 | Outcome Of Arthroscopic Fixation Of Tibial Eminence Fractures  | Hemant Jain                     |
| 13.34 – 13.42 | Ramp Lesion Associated With Anterior Cruciate Ligament Rupture   | Karthick Vaiyapuri              |

# ISKSAA GLOBAL SUMMIT 2016

|               |  |                         |
|---------------|--|-------------------------|
| 13.42 – 14.00 | Questions & Discussion   |                         |
| 14.00 – 15.00 | Newer Trends In Hip Arthroplasty<br>Moderator : Ramneek Mahajan, Vivek Mittal  |                         |
| 14.00 – 14.10 | Dual Mobility : Does It Really Work  | Ramneek Mahajan         |
| 14.10 – 14.20 | The Bearing : How To Choose?   | B S Murthy              |
| 14.20 – 14.30 | THA In The Young Patient   | Hemant Sharma           |
| 14.30 – 14.40 | Head Size : 36-28-32: My Preference  | Vivek Mittal            |
| 14.40 – 14.50 | Femoral Stems : Does Size Matter?  | G S Roysam (UK)         |
| 14.50 – 15.00 | Questions & Discussion   | Vivek Mittal            |
| 15.00 – 16.00 | Hip Surgery : Moving from Replacement to Preservation<br>Moderator : Vijay Shetty , Anuj Dogra   |                         |
| 15.00 – 15.05 | The Evolution Of Hip Arthroscopy   | Vijay Shetty            |
| 15.05 – 15.10 | Identifying Patients Who Will Benefit From Hip Arthroscopy   | Ashish Soni (UK)        |
| 15.10 – 15.20 | Basics: Instrumentation, Setup, Positioning & Portals  | Anuj Dogra              |
| 15.20 – 15.30 | Hip Arthroscopy In Cam Impingement (Femoral Sided Deformities) : Diagnosis & Surgical Steps  | Dinshaw Pardiwala       |
| 15.30 – 15.40 | Hip Arthroscopy In Pincer Impingement (Acetabular Sided Deformities And Labral Repair) : Diagnosis & Surgical Steps  | Ashish Taneja           |
| 15.40 – 15.50 | Extra-Articular Hip Problems Amenable To Arthroscopy; Diagnosis & Treatment  | Sanjeev Anand (UK)      |
| 15.50 – 16.00 | Questions & Discussion   | Vijay Shetty            |
| 16.00 – 17.00 | Free Papers Session III ( Knee Arthroplasty 1 )<br>6 Mins For Presentation And 2 Mins For Discussion<br>Moderators : Sunil Malhotra, Ananda Nanu (UK)                      |                         |
| 16.00 – 16.08 | Outcome Of Cemented Rotating Platform PS Mobile Bearing TKA- A Prospective Study   | Dhruvin Rajendra Sangoi |
| 16.08 – 16.16 | A Prospective Clinical Study Of Two Commonly Used Oral Anticoagulants For Prevention Of Thromboembolism Following Arthroplasty With Respect To Bleeding Tendencies         | R Riju                  |
| 16.16 – 16.24 | Which Patients Do Best Following Uni Compartmental Knee Arthroplasty In An Asian Population?   | Tan Shi Ming            |
| 16.24 – 16.32 | Total Knee Replacement For Osteoarthritic Knees With Stress Fracture Of Proximal S Tibia Using Total Knee Prosthesis With A Long Tibial Stem Extension-A Prospective Study | Ravi Teja Rudraraju     |
| 16.32 – 16.40 | Offering TKA To Octogenarians : Analysis In 71 Consecutive Patients  | Rohan Bidwai            |
| 16.40 – 16.48 | Apple Core Technique For Management Of Massive Bone Loss In A 2-Stage Protocol For Infective Knee Arthroplasty   | Rahul Kakar             |
| 16.48 – 16.56 | Missed Pathology : Is This The Cause Of Unhappy Post TKR Patient ?   | Sanjay Londhe           |
| 16.56 – 17.00 | Questions & Discussion   |                         |
| 17.00 – 20.00 |  |                         |
| 20.00 – 21.15 | INAUGURAL CEREMONY HALL 2 & 3<br>Master of Ceremony : Anuj Dogra<br>Moderator : Raju Easwaran  |                         |
| 21.15 – 23.00 | Cultural Programme & Banquet Gala Dinner Hall 2 & 3  |                         |

| 16.25 – 16.30 | Questions & Discussion   | Ravi Mittal            |
| 16.30 – 18.00 | Controversies In Rotator Cuff Management<br>Moderator : Ashish Babulkar , Kapil Kumar (UK) |                        |
| 16.30 – 16.38 | Mini Open Cuff Repair In 2016  | Nirbhay Shah           |
| 16.38 – 16.46 | Massive Retracted Rotator Cuff Tears : Surgical Options                                    | Paolo Paladini (Italy) |
| 16.46 – 16.54 | Tendon Transfers For Irreparable Cuff Tears : Indications, Technique & Results             | Ashish Babulkar        |
| 16.54 – 17.02 | Superior Capsular Reconstruction For Massive Cuff Tears                                    | Kapil Kumar (UK)       |
| 17.02 – 17.10 | Partial Thickness Rotator Cuff Tears : The Unsolved Enigma                                 | Sanjay Trivedi         |
| 17.10 – 17.18 | Subscapularis; The Big Enigma! Diagnosing & Repairing It                                   | Puneet Monga (UK)      |
| 17.18 – 17.26 | Shoulder Instability With Cuff Tear In 2016  | Nick Wallwork (Aus)    |
| 17.26 – 17.34 | Suprascapular Nerve Release In Massive Cuff Tears : Any Benefit?                           | Dinshaw Pardiwala      |
| 17.34 – 18.00 | Clinical Case Scenarios<br>Questions & Discussion  | Sanjay Desai           |
| 18.00 – 20.30 |  |                        |
| 20.30 – 23.00 | President's Faculty Dinner (Courtyard)   |                        |

## ISKSAA GLOBAL SUMMIT 2016 22ND NOVEMBER 2016 (TUESDAY) JADE HALL 5

ANCHORS : SubhashJangid, Amite Pankaj

| TIME          | TOPIC   | SPEAKER / FACULTY |
|---------------|---|-------------------|
| 08.00 – 09.00 | Revision ACL Surgery :Why Did It Fail ?<br>Moderator : Amite Pankaj   |                   |
| 08.00 – 08.15 | ACLR :Analysis Of Why It Failed?  | Bhushan Sabnis    |
| 08.15 – 08.25 | Revision ACLR – Single Stage Vs Two Stage –<br>How Do I Decide?   | VedGoswami (UK)   |
| 08.25 – 08.35 | Revision ACLR – Graft Choice & Fixation Options   | S R Sundararajan  |
| 08.35 – 08.45 | The Infected ACLR   | Ravi Gupta        |
| 08.45 – 09.00 | Case Discussions  | Amite Pankaj      |
| 09.00 – 10.00 | Complications In ACL Surgery : Clinical Case Scenarios<br>Moderator : SachinTapasvi, Amite Pankaj<br>Panelists :VedGoswami (UK), MadhanThiruvengada(UK),<br>PonkyFirer (SA), Bhushan Sabnis, Deepak Chaudhary, Deepak Joshi |                   |
|               | Wrong Tunnels / Wrong Hardware / Wrong Execution / Wrong<br>Timing / Missed Ligamentous Injuries / Miscellaneous : Dropped<br>Graft, Broken Hardware, Graft Laceration, Tibial Thread Cutout,<br>Chondral Damage            |                   |

|               |  |                     |
|---------------|--|---------------------|
| 10.00 – 11.00 | Knee Osteoarthritis : Syringe Vs ScopyVs Scalpel<br>Moderator : SubhashJangid  |                     |
| 10.00 – 10.10 | Classifying Knee OA; Understanding Disease Severity  | Janak Mehta ( Aus)  |
| 10.10 – 10.20 | Synovial Fluid Restoration Therapy In Managing Early Cartilage Degeneration In Joint Disorders   | IPS Oberoi          |
| 10.20 – 10.25 | Steroids Vs VisscoSupplementation For Knee OA  | Rahul Khare         |
| 10.25 – 10.30 | Emerging Role Of PRP In Knee OA  | Mandeep Dhillon     |
| 10.30 – 10.40 | Arthroscopy: Does It Still Have A Role In Knee OA  | Nilesh Shah         |
| 10.40 – 10.50 | HTO Vs UKR For Early OA  | Shaun O Brien (UK)  |
| 10.50 – 11.00 | Questions & Discussion   | Subhash Jangid      |
| 11.00 – 12.30 | Free Papers Session V (Knee Arthroscopy plus )<br>6 Mins For Presentation And 2 Mins For Discussion<br>Moderators :Shaun O Brien (UK), ChakrarajPandey (Nepal)                                   |                     |
| 11.00 – 11.08 | Reconstruction Of Anterior Cruciate Ligament Using Iliotibial (Fascia Lata) Autograft  | Anil Singhal        |
| 11.08 – 11.16 | Anterior Cruciate Ligament Injury: Risk Factor Assessment Based On Tibial Plateau Anatomy In Conventional MRI  | M. Shahnawaz Khan   |
| 11.16 – 11.24 | Arthroscopic Treatment Of Acute Tibial Avulsion Fractures Of The PCI With Suture Bridge Fixation Technique – A Case Series   | Subramanirajadurai  |
| 11.24 – 11.32 | Outcome Evaluation Of Medial Patello Femoral Ligament Reconstruction In Recurrent Patellar Dislocation – A Mid-Term Follow Up Study  | Vishnu Senthil      |
| 11.32 – 11.40 | Minimally Invasive Arthroscopic Pullout Suture Technique For Acl Avulsion Fixation In Open PhysisPt  | Prabhat Kr. Singh   |
| 11.40 – 11.48 | Chronic Patellofemoral Instability And Pain Treated Effectively By AnteromedialTibial Tubercle Transfer (Fulkerson Osteotomy) With Or Without Mpfl Reconstruction-Prospective Study Of 28 Cases. | Arvind Prasad Gupta |
| 11.48 – 11.56 | Trans Osseous Suture Loop Technique Of Mpfl Reconstruction For Small Patella   | Rohan Bansal        |
| 11.56 – 12.04 | Comparison Between Transportal&Transtibial Approach For Femoral Tunnel In Acl Reconstruction   | KunalAneja          |
| 12.04 – 12.12 | The Outcome Of Total Knee Arthroplasty In Obese Indian Population  | Mahmoud Bhingraj    |
| 12.12 – 12.20 | TKR in Post infective stiff knee   | Jyoti Singh Kapoor  |
| 12.20 – 12.28 | Mid to long-term outcome of BPTB graft, STG graft with preserved insertions (STGPI) and free STG graft (STGF) in ACL reconstruction surgery in elite sportspersons                               | Munish Sood         |
| 12.28 – 12.30 | Questions & Discussion   |                     |
| 12.30 – 13.00 |  |                     |
| 13.00 – 14.00 | Newer Technologies In TKR :Hope Or Hype!!<br>Moderator : Yash Gulati, Kanchan Bhattacharya   |                     |
| 13.00 – 13.06 | New Implants: Do We Really Need Them?  | Jaykar Dave (Aus)   |
| 13.06 – 13.12 | Things To Look Before Using New Implant  | Jaykar Dave (Aus)   |
| 13.12 – 13.22 | Medial Rotation Knee ( MRK ) the gold standard   | Paul Trikha ( UK )  |
| 13.22 – 13.29 | Navigation:Where Are We Now?   | Yash Gulati         |

|               |   |                          |
|---------------|---|--------------------------|
| 13.29 – 13.36 | Cross Linked Poly: Status For TKR   | Richard Parkinson (UK)   |
| 13.36 – 13.43 | Medial Pivot Knee/Congruent Poly:Has The Era Of PS Knee Gone?   | Parag Sancheti           |
| 13.43 – 13.50 | Patellar Controversies In TKR   | Videsh Raut(UK)          |
| 13.50 – 13.57 | Patello Femoral Arthroplasty :Current Concepts  | Thomas Chandy            |
| 13.57 – 14.00 | Questions & Discussion  | Kanchan Bhattacharya     |
| 14.00 – 15.00 | OMG (Oh My God !!) : Knee Arthroplasty<br>Moderator : Col.BarunDutta, SubhashJangid                       |                          |
| 14.00 – 14.08 | MCL Rupture   | Sandeep Kohli (UK)       |
| 14.08 – 14.16 | Tibial Plateau Fracture   | Ananda Nanu (UK)         |
| 14.16 – 14.24 | Extensor Mechanism Disruption   | Kanchan Bhattacharya     |
| 14.24 – 14.32 | Grade 3 Notching In Femoral Preparation   | Madhan Thiruvengada (UK) |
| 14.32 – 14.40 | Peroneal Nerve Injury   | Saqif Hussain (UK)       |
| 14.40 – 14.48 | No Distal Pulse In Recovery Room  | Deepak Herlekar (UK )    |
| 14.48 – 15.00 | Questions & Discussion  | Subhash Jangid           |
| 15.00 – 16.00 | Anticoagulation In Arthroplasty: Current Concepts<br>Moderator : Bharat Modi                              |                          |
| 15.00 – 15.20 | Prevention Of Venous Thromboembolism In Indians   | Bharat Modi              |
| 15.20 – 15.30 | Managing Venous Thromboembolism With NOACS  | Col Kumud Rai            |
| 15.30 – 15.40 | NOACS In Hospital Setting   | Prakash Shastri          |
| 15.40 – 15.50 | DVT Prophylaxis In The UK : My Protocol And Experience  | Saqif Hussain (UK)       |
| 15.50 – 16.00 | Questions & Discussion  | Bharat Modi              |
| 16.00 – 17.00 | Infections In Arthroplasty : The Dreadliest!!<br>Moderator : BhushanNariani, YashGulati                   |                          |
| 16.00 – 16.10 | Preventing Infection In Arthroplasty:What Actually Matters?   | Ponky Firer (SA)         |
| 16.10 – 16.20 | Diagnosing Infection: The WrightingtonProtocol  | Videsh Raut (UK)         |
| 16.20 – 16.30 | Surgical High Dependency For Elective Orthopaedic Patients (UK Experience)                                | Simon Middleton (UK)     |
| 16.30 – 16.40 | Single Stage Revision: When To Be Superhero?  | Binod Singh (UK)         |
| 16.40 – 16.50 | Two Stage: The Technique And Timing   | Subhash Jangid           |
| 16.50 – 17.00 | Questions &Case Discussions   | Yash Gulati              |
| 17.00 – 18.00 | Musculoskeletal Imaging Symposium (The Unhappy Arthroplasty)<br>Moderator : Col. AmrishGhai, GurinderBedi |                          |
| 17.00 – 17.10 | X-Rays Assessment In TKR  | Janak Mehta (Aus)        |
| 17.10 – 17.20 | Role Of CT &MRI In TKR Situations   | Sriram Rajan             |
| 17.20 – 17.30 | Assessment Of Instability In THA  | Y Kharbanda              |
| 17.30 – 17.40 | Metal Subtraction CT / MRI In Arthroplasty  | Sriram Rajan             |
| 17.40 – 17.50 | Nuclear Medicine Imaging In Arthroplasty  | Uma Ravi Shankar         |
| 17.50 – 18.00 | Questions & Discussion  | Gurinder Bedi            |
| 18.00 – 20.30 |   |                          |
| 20.30 – 23.00 | President's Faculty Dinner (Courtyard)  |                          |

## SOCIAL PROGRAM

- City tours and trips to Agra & Jaipur will be available starting from 2 days prior to the event and during event days also
- Customised holidays to other exotic destinations within India can also be arranged.
- ISKSAA FELLOWS **WELCOME DINNER** on the 20th November at the venue
- **BANQUET DINNER** on the 21st November at the venue with an exciting social program
- **SANOFI FUNATHON @ ISKSAA 5K** in the hotel premises on the 22nd morning at 6.00am with exciting prizes .
- **ISKSAA PRESIDENT'S DINNER** on the 22nd evening at the venue with an exciting social program

ISKSAA 2016 has just become funner! Introducing **SANOFI FUNATHON @ ISKSAA**. While the lectures & Live Surgeries will keep you glued to your seats throughout the day, how are you going to digest those 3 days of paneer, mutton & dollops of dessert? Well, here is your chance to justify that hogging!

**5 kms of Funathon!** The Racing track is all laid out for you. One round is approximately 0.4 kms. You need to have a jogging app installed in your smartphone . You can Walk, Jog or Sprint! Just finish 5 Kms in the shortest possible time. And the prize is yours! Attractive prizes to be won. One First prize in each age group ( under 45 and over 45 ) . 2 Special Runners up prizes also.

Assembly is at the Leela Ambience Courtyard 3 at 6.00am on 22nd morning where final instructions are given and the funathon begins at 6.30am . You have a total of 60 minutes to complete .

Register fast as Only 100 spots available . Send an email of interest to my mail on deskclinic@gmail.com . Remember to include your name , email and mobile so that you can be placed on the funathonwhatsapp group . The first 100 can signup at the Sanofi counter on 21st November 2016 from 1.00pm – 5.00pm .

Healthy Run for a healthy life.....

VirtaMed ArthroS™

Virtual reality training simulator for knee, shoulder and hip arthroscopy.

visit us at

ISKSA  
2016

VirtaMed booth

## Arthroscopy Simulation: VirtaMed excels at Arthroscopy Simulation with the ArthroS™.

The highly realistic<sup>1</sup> arthroscopy simulator achieved high scores in terms of realism and training capability.<sup>2</sup> It was regarded as a useful training tool to monitor individual resident learning curves<sup>3</sup> and to differentiate between varying levels of arthroscopic experience.<sup>1</sup>

Fig. 1 VirtaMed ArthroS™ FAST model, knee model, shoulder model, hip model.

### 1. Case report

Orthopedic surgery requires an intensive didactic program, especially for the very specific skills needed to master arthroscopic surgery. With the VirtaMed ArthroS™ (Fig. 1), trainees use original medical devices to better facilitate the transfer of skills to the OR. Training cases include diagnostic and therapeutic arthroscopy in knee, shoulder and hip. Furthermore, the simulator allows basic skill training on the FAST model, which was developed under the guidance of AANA and an ABOS task force.

### 2. Results

Using a VirtaMed ArthroS™ simulator helps surgical trainees feel more confident in the OR. They get to practice triangulation and ambidextrous procedures. The use of a simulator means trainees takes up less time in the OR and reduces the expense of using cadavers. With a virtual 3D view from inside and outside (Fig. 2a., b., and c.) trainees get a comprehensive understanding of the anatomy.

### 3. Conclusion

Using a VirtaMed simulator is the best way to train new surgeons, practice with new tools, and learn new skills.

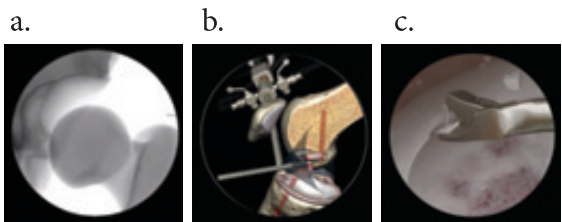

Fig. 2 VirtaMed ArthroS™ simulation view - (a.) Fluoroscopic access training, (b.) ACL graft placement simulation, (c.) Meniscus repair simulation

\* Adapted from Marshall KW. Intra-articular hyaluronan therapy. *Curr Opin Rheumatol*. 2000 Sep;12(5):468-74. 1. Synvisc-One™ Data on file November 2015. 2. Raynauld JP, Torrance GW, Band PA, et al. Canadian Knee OA Study Group. A prospective, randomized, pragmatic, health outcomes trial evaluating the incorporation of hylan G-F 20 into the treatment paradigm for patients with knee osteoarthritis (part 1 of 2): clinical results. *Osteoarthritis Cartilage*. 2002;10(7):506-517. 3. Pal S, et al. Long Term (1 yr) Efficacy and safety of single 6ml injection of Hylan G-F20 in patients with symptomatic knee OA. *Open Rheumatol J*. 2014 Oct 2;8:54-68

#### Abridged Prescribing Information

Hylan Polymer A&B G-F 20 prefilled syringe -8mg/ml

#### SYNVISCO-ONE®

COMPOSITION Content per ml (hylan G-F 20):

Each 1 ml contains: hylan polymer 8.0mg, sodium chloride 8.5 mg, disodium hydrogen phosphate 0.16 mg, sodium dihydrogen phosphate hydrate 0.04 mg, water for injection q.s.

**THERAPEUTIC INDICATIONS** Hylan G-F 20 (Synvisc-One) is indicated. For the treatment of pain in osteoarthritis of the knee in patients who have failed to respond adequately to conservative non pharmacologic therapy and to simple analgesics. For the treatment to decrease pain and discomfort allowing more extensive movement of the knee. **DOSAGE AND ADMINISTRATION:** Synvisc-One is administered as a single intra-articular injection. Remove synovial fluid or effusion before injecting hylan G-F 20. Strict aseptic administration technique must be followed. Inject into the synovial space only, using if necessary, appropriate guidance such as fluoroscopy especially in joints such as the hip and shoulder. The recommended treatment regimen is one injection in the knee. **SAFETY-RELATED INFORMATION: Contraindications:** Synvisc-One should not be used in patients with known hypersensitivity (allergy) to hyaluronan (sodium hyaluronate) preparations. Synvisc-One should not be injected into the joint if there is venous or lymphatic stasis in the limb to be injected. Synvisc-One should not be used in infected or severely inflamed joints or in patients having skin disease or infections in the area of the injection site. **Pregnancy and Lactation:** The safety and effectiveness of Synvisc-One has not been established in pregnant women. It is not known if Synvisc-One is excreted in human milk. The safety and effectiveness of Synvisc-One have not been established in lactating women. **Warnings and Precautions:** Do not inject Synvisc-One intravascularly. Intravascular injections may cause systemic adverse events. Do not inject Synvisc-One extra-articularly or into the synovial tissues and capsule. Adverse events, generally in the area of the injection, have occurred following extra-articular injection of Synvisc-One. Do not concomitantly use disinfectants containing quaternary ammonium salts for skin preparation because hyaluronan can precipitate in their presence. Remove any synovial fluid or effusion prior to injecting Synvisc-One. As with any invasive joint procedure, it is recommended that the patient avoid any strenuous activities for approximately 48 hours following the intra-articular injection, and resume full activities within a few days. Synvisc-One have not been tested in pregnant women or children ≤ 21 year of age. Synvisc-One contains small amounts of avian protein and should not be used in patients with related hypersensitivities. Do not inject anesthetics or other medications into the knee joint during Synvisc therapy. **Adverse Reactions:** Adverse events involving the injected joint that may occur after intra-articular injections of Synvisc-One are Transient pain, Transient swelling and/or Effusion. Hypersensitivity reactions including anaphylactic reaction, anaphylactoid reaction, anaphylactic shock and angioedema have been reported. Cases of acute inflammation, characterized by joint pain, swelling, effusion and sometimes joint warmth and/or stiffness, have been reported following an intra-articular injection of Synvisc-One.

## PHYSIOLOGICAL MATCHING<sup>◊</sup>

 **smith&nephew**

**JOURNEY<sup>◊</sup> II BCS**

Bi-Cruciate Stabilized  
Knee System

### Restoring anatomy. Unmatched satisfaction.

By uniquely replicating the ACL, the JOURNEY II BCS provides more anatomic stability in mid-flexion while the differentiated anatomic shapes promote more normal muscle firing patterns and reduce muscle fatigue. These distinctions help JOURNEY II BCS create an innate opportunity to improve patients' ability to return to their active lifestyles.\*
