JRC-ISKSAA Travelling Arthroplasty and Arthroscopy Fellowship Report

I am pleased to report the successful completion of the JRC-ISKSAA Travelling Arthroplasty and Arthroscopy Fellowship in Adelaide, Australia. During the fellowship, I had the opportunity to visit Ashford Hospital, Western Hospital, Calvary North Adelaide Hospital under the mentorship of Dr. Jegan Krishnan, Dr. Sunil Reddy, Dr. Yas, Dr. Aman Sood, Dr. Bobby Pandit, and Dr. Mark.

The fellowship provided comprehensive exposure to knee, hip, and shoulder surgery, including primary, complex primary, and revision procedures, with experience in patient specific instrumentation, navigation and robotic-assisted surgery.

I sincerely thank the organizers and faculty for their warm hospitality, guidance, and support throughout the fellowship. It was an enriching academic and clinical experience.

Dr. Ram
